INTERPRETER REFERRAL SERVICES (IRS)

Beginning Monday, July 3 through August, all requests for interpreter services should be made through Sandy Rakitt at IRS ext. 812, voice and TTY. Sandy will be coordinating interpreter services for Sign Language Programs while Ruth Gentilman assesses college and community interpreting needs versus available resources and drafts a proposal for a college-wide interpreting policy.

Within the next week, a consumer questionnaire will be disseminated to regular users of interpreters. If you do not receive a questionnaire and want to help, PLEASE call IRS. "If you're not part of the solution, you're part of the problem."

All staff/faculty/students needing interpreters for fall courses should have their formal requests to IRS no later than August 21. Educational Request forms can be obtained from IRS, College Hall, Room 213.

CHANGES DUE TO CONSTRUCTION

Because of the construction beginning on the mall, the west door of the Library is now open for your convenience. The door on the mall side is also open now, and will be kept open as long as possible.

MISS WHEELCHAIR D.C. PAGEANT

The Information Center for Handicapped Individuals is sponsoring the annual Miss Wheelchair D.C. Pageant, to be held at the Hyatt Regency Hotel in Washington, D.C. on July 9.

The main purpose of the Pageant is to demonstrate accomplishments of disabled persons despite architectural and attitudinal barriers. The Center hopes that the participants will appear before a full house during this activity and urges you to mark this event on your calendars.

For more information contact the Information Center at 347-4986.

POWER OUTAGES

Gallaudet is now in the early stages of three major construction projects; KDES, Learning Resource Center and Dorm V. During projects of this type it is necessary at some point to have scheduled utility outages and unfortunately unscheduled outages.

In the past the Physical Plant through their Work Control Center has tried to notify the proper people in each department in the event of an outage. Sometimes they have not been able to contact the proper people. They are now trying to solicit from the entire campus the proper people to contact in this event. If it is necessary for your department to be contacted please inform John Gateau in the Central Utilities Building.

SATURDAY HOURS FOR THE LOOK OF SOUND

The LOOK OF SOUND exhibit located in the Visitors Center will be open to the public for Saturday hours on July 8, 1978 from 10:00 - 2:00. Please inform Janet Bailey if you plan to visit.

ENERGY CONSERVATION TIPS FROM JIM HULL

"Perhaps you don't realize it - BUT - our basic power use costs us approximately 44% more per kilowatt hour in the months June through October than it does November through May. To have this power available (termed 'demand') costs us approximately 29% more in the summer months. So - give us a helping hand and be energy conscious this summer. Many thanks!

"P.S. The chances are you are paying approximately 27% more for your electricity per kilowatt hour at home during the summer, depending on where you live. Be wise, de-energize!"

NATIONAL E R A MARCH
